

Workshop Engineer – Waterlooville

An opportunity has arisen for a Workshop Assistant to join a unique business that manufactures high-quality, bespoke interior fittings. The company has a loyal and longstanding workforce made up of highly skilled employees and they are looking to add an additional member to the team.

The Role:

The Workshop Assistant will initially join the business and provide support to the team by assembling products and preparing orders for shipping but will be trained in all aspects of the Workshop.

- Lifting and assembly heavy products
- Sanding, measuring, drilling, and constructing
- Polishing and coating (metal and wood)
- Following and completing design briefs
- Packaging and shipping of high-value products
- Basic maintenance of machines
- Keeping the workshop clean and tidy

The Person:

If you are enthusiastic, hardworking, enjoy making things, and strive for perfection, please see below for the essential requirements of the role:

- Relevant workshop experience
- Ability to read and understand work instructions and drawings
- Basic hand and power tool usage
- Comfortable with a physically demanding workload and heavy lifting
- Have the ability to work on your own initiative, prioritise and meet deadlines
- Willing to learn new skills

Experience working in any of the following areas is highly desirable but not essential:

- Industrial hot work – Tube bending / Plumbing – Windows/Shutters/Blinds

Additional Information:

- Hours of work are Monday to Friday 7.30 am to 4.00 pm
- No weekend or bank holiday working
- Company pension and bonuses

**If you feel you have the relevant skills and experience and would like to apply,
please email a copy of your CV to amelia@raffertyresourcing.com**
